PREVIOUS KEY EXPERIENCES

Shadow CTO (fractional)

September 2024 - present

- Working alongside existing CTO in a donation platform Startup, assisting with strategic and operational tasks
- Technical audits of current solution and providing comprehensive recommendations
- Develop and implement Security Posture improvements
- Designed Solution Architecture to support future system growth

Technical Director

November 2022 - November 2023

- Led cross-functional delivery team of Software Engineers, PM, QA, UI-Designer and DevOps
- Re-architected solution to 4x speed up international expansion
- Reduced time-to-market cycles from 2 months to 2 weeks
- Re-engineered critical areas across the full stack (iOS, Android and Backend)
- Introduced development practices to boost team productivity and product quality

CTO - Digital Agency

November 2013 - present

- Aligned company technical expertise with business strategy
- Expanded Delivery Department from 10 to 18 software engineers
- Initiated and managed 20+ projects, including pre-sales, solution architecture, budget planning and lead development
- Customised tech and financial solutions

“

Alexey, has been a fantastic addition to our team. He's taken a deep-dive into our existing technology, researched options and given us a clear direction on our technical delivery strategy. He has lightened the load for our senior leadership team, focusing on the future strategic steps needed to support our growth.

Paul Twelftree

CTO at The Kindness of Strangers
London, UK
